May 22, 2013

I really like the program  
the program helped me to improve my  
grades with school. Also the volunteers  
are really helpful they help me with  
school work I did not know how to  
do and thanks to Mrs. Faye my  
reading has improved. Also I would  
be happy to come next year because  
I will be with all my friends and  
I now that I learn something new  
and because the program is a lot of fun.  
Another reason is that Mrs. Faye treats  
us like were here own kids she provides  
prizes<sup>ies</sup> with food and drinks and  
keeps us out of trouble. Also because  
of the fun trips we go on and  
the fun games we play.
