I really like the volunteers for helping us with our homework and helping us study our test so that we get a good grade and I liked food she provides us every day.

And I want to say thanks for picking us up every day from school and

The program helped me by making my test scores go high and making my grade not drop down and make my grades go high.

Yes I would come back next year because the program was fun and helpful to me and other people. Next year I will tell people to come if they're having trouble in a certain class (subject). And
